A. PROGRAM DESCRIPTION

The Public Affairs Section (PAS) of the U.S. Embassy in Kabul, Afghanistan is pleased to announce an open competition for assistance awards through this Notice of Funding Opportunity (NOFO). PAS Kabul invites all eligible organizations to submit a proposal for a Television Variety Show to Support English Language Education.

Executive Summary

PAS invites proposals from interested organizations to develop, record, edit, and broadcast a series of at least 12 television episodes of a variety/game show, where young contestants will compete in a variety of English-teaching games and activities for a chance to win prizes.

PAS intends to issue an award for a period of 18 months.

Goal

The primary goal for this project is to support English language programs as a vehicle to reach youth audiences. The secondary goal is to provide English language programs to better prepare youth to work in a global economy.

The program will also instill elements of civic education with an emphasis on creating a strong sense of national identity, youth solidarity, and individual responsibility.

To meet these goals, PAS will fund a minimum of 12 episodes of a 44 minute variety show with a targeted demographic of youth 15-25 years of age. We are commissioning a series where young contestants would compete in various language/ English word-building activities for a chance at prizes. The show would combine in-studio/live-audience content with on-the-street games and interviews. True to its variety show roots, the show should include the performance of English language songs. Sixty-second cutaways will provide short language lessons on subjects such as building contractions or reading a menu.

The program also uses English language education as a vehicle for expanded messaging on other topics. Each episode can build its competition around a theme: environmental preservation, access to education, or volunteerism, for example. The targeted demographic is youth 15-25, with a goal of using their interest in English to help convey a broader variety of messaging.

Because our target audience consumes programming over social media in addition to traditional television, vignettes of programming should be shared through Facebook and other platforms. We predict entertainment viewing through mobile devices in Afghanistan will continue to grow, and this show aims to be at the forefront of the movement.

Objectives

In coordination with PAS, the successful applicant will be responsible for:

1. Pre-Production

- a. Developing a conceptual model for each of the episodes to follow- While producers will have creative flexibility, all episodes should include:
 - i. A game show element where two-person teams compete for prizes
 - ii. A variety show element with English language performances
 - iii. An on-the-street element where people practice their English
 - iv. 60-second interstitials where viewers will learn short English lessons, such as how to read a menu, or how to create contractions
- b. Working with an English language expert to develop appropriate games and contests. This person would be considered key personnel, and PAS would have approval over her/his selection.
- c. Writing scripts- The show should be written and performed using Dari (Persian) as the primary language. Episodes will have a considerable amount of English, but primary communication and explanation should be in Dari. Scripts should be dual language, so people can review the scripts in their preferred language.
- d. Casting a host and regular performers- The number of hosts and regular performers on each episode is at the discretion of the recipient, with cost sensitivity the highest priority. The host ideally would be a charismatic Afghan already familiar to the television viewing audience.
- e. Casting youth contestants- The contest element of the show should involve games played in a team. The team can be two members of our target demographic (15-25), or one member of the public playing with a local celebrity. Contestants should only appear in a single episode.
- f. Sourcing studio space and studio audience- The in-studio variety show elements should be performed in front of a live studio audience.
- g. Liaising with sponsors to select prizes- The game show element of the series will require prizes. These prizes should be appropriate to the Afghan context.

2. Production

- a. Filming at least 12 episodes, each approximately 44 minutes in length with a combination of in-studio and location taping.

3. Post-Production

- a. Editing all episodes - Episodes should be 44 minutes in length, or the most appropriate length for a one-hour block of television when allowing time for commercials.
- b. Submitting cuts for Embassy approval - No episode will be considered final without Embassy approval.
- c. Broadcasting the show - Reasonable broadcasting fees are an allowable expense.

- d. Marketing the product to generate audience interest - The implementer will develop a marketing campaign to promote the series and generate interest among the key target audience of Afghan youth ages 15 to 25.
4. Follow-on
 - a. Placement of content into relevant Afghan social media networks - We aim for more humorous elements of the show to generate interest in social media.

Proposals should describe:

- How the applicant will meet the above objectives
- Experience in television content development, particularly in the variety or game show genre
- A plan to engage professionals with knowledge in English language games and activities
- Sample script or episode outline
- Experience using viral and social media marketing to build “buzz” for projects
- Understanding of contemporary trends in monitoring and evaluation (M&E), particularly as it applies to television programming

The safety and security of all participants and activities under this project are the sole responsibility of the award recipient. Due to the changing nature of security in Afghanistan, we require all proposals to include a security package to accompany appropriate programmatic elements within their proposal. Security packages may include, but are not limited to, secure transportation, lodging, and emergency evacuation for personnel living or working in Afghanistan. Reasonable costs for necessary security are allowable expenses and may be included in the proposed budget. If a security company is engaged and funded under the award, it must be registered by the Government of Afghanistan to operate in Afghanistan. Additionally, applicants will submit their organizational policy for working within high-risk environments, which should include security operational procedures.

Complete budgets will include detailed line-items outlining specific cost requirements for proposed activities. Applicants must adhere to the regulations found in [2 CFR 200 Uniform Administrative Requirements, Costs Principles, and Audit Requirements for Federal Awards](#).

Detailed Line-Item Budget (in Microsoft Excel or similar spreadsheet format) that delineates funds requested from the Embassy and cost-share (see below for more information on budget format). Costs must be in U.S. Dollars. The budget must identify the total amount of funding requested, with a breakdown of amounts to be spent in the following budget categories: personnel; fringe benefits; travel; equipment; supplies; consultants/contracts; other direct costs; and indirect costs. The following provides a description of the types of costs to be included in each budget category.

a. Personnel – Identify staffing requirements by each position title and brief description of duties. For clarity, please list the annual salary of each position, percentage of time and number of months devoted to the project. (e.g., Administrative Director: \$30,000/year x 25% x 8.5 months; calculation: $\$30,000/12 = \$2,500 \times 25\% \times 8.5 \text{ months} = \$5,312$.).

b. Fringe Benefits - State benefit costs separately from salary costs and explain how benefits are computed for each category of employee - specify type and rate.

c. Travel - Staff and any participant travel

- 1) International Airfare
- 2) In-country Travel
- 3) Domestic Travel in the U.S., if any
- 4) Per diem/maintenance: Includes lodging, meals and incidentals for both participant and staff travel. Rates of maximum allowances for U.S. and foreign travel are available from the following website: http://aoprals.state.gov/web920/per_diem.asp. Per diem rates may not exceed the published U.S. government allowance rates; however,

institutions may use per diem rates lower than official government rates. Please explain differences in fares among travelers on the same routes. Please note that all travel, where applicable, must be in compliance with the Fly America Act.

d. Equipment – Please provide justification for any equipment purchase/rental, defined as tangible personal property having a useful life of more than one year and an acquisition cost of \$5,000 or more per unit.

e. Supplies – The specifications and cost of each type of supply proposed (e.g., desktop computer with pre-installed software) must be included in this section. List items separately using unit costs (and the percentage of each unit cost being charged to the award) for photocopying, postage, telephone/fax, printing, and office supplies (e.g., Telephone: \$50/month x 50% = \$25/month x 12 months).

f. Contractual -

a) Sub-grants and sub-contracts. For each sub-grant/contract please provide a detailed line item breakdown explaining specific services. In the sub-grant budgets, provide the same level of detail for personnel, travel, supplies, equipment, direct costs, fringe benefits, and indirect costs as required of the direct applicant.

b) Consultant Fees. For example lecture fees, honoraria, travel, and per diem for outside speakers or independent evaluators: list number of people and rates per day (e.g., 2 x \$150/day x 2 days).

g. Construction – For this solicitation, construction costs are not applicable.

h. Other Direct Costs - these will vary depending on the nature of the project. The inclusion of each should be justified in the budget narrative.

i. Indirect Costs - Organizations claiming indirect costs should have an established NICRA. A copy of the NICRA should be provided with the proposal package. If sub-grantees are claiming indirect costs, they should have an established NICRA should also submitted with the proposal package. **If an organization does not have a NICRA, and the proposal budget has a line item for indirect cost charges, those indirect charges may not exceed 10%.** Information how to obtain a NICRA rate is listed Section G.

Budget Narrative

The purpose of the budget narrative is to supplement the information provided in the budget spreadsheet by justifying how the budget cost elements are necessary to implement project objectives and accomplish the project goals. The budget narrative is a tool to help the Embassy staff fully understand the budgetary needs of the applicant and is an opportunity to provide descriptive information about the costs beyond the constraints of the budget template. Together, the budget narrative and budget spreadsheets should provide a complete financial and qualitative description that supports the proposed project plan and should be directly relatable to the specific project components described in the applicant's Implementation Plan. The description provided on the budget spreadsheets should be very brief.

Section 4 – Key Personnel Resumes – a resume, not to exceed 1 page in length, must be included for the proposed key staff persons, such as the producer and director, if all episodes will use the same director. If an individual for this type of position has not been identified, the applicant may submit a 1-page position description, identifying the qualifications and skills required for that position, in lieu of a resume.

Submission Process

This section provides the application submission and receipt instructions for U.S. Embassy Kabul Public Affairs Section (Kabul PAS) program applications. Please read the following instructions carefully and completely.

1. Electronic delivery

PAS Kabul is participating in the Grants.gov initiative to provide the Grant Community a single site to find and apply for grant funding opportunities. PAS Kabul requires applicants to submit their applications electronically through Grants.gov. Applications submitted via any other means such as email will **not** be accepted.

2. How to register to apply through Grants.gov

a. *Instructions:* The section below provides instructions for registering to apply for PAS Kabul funds. Applicants should read through the registration process carefully and prepare the

information requested before beginning the registration process. Reviewing and assembling the required information before beginning the registration process will alleviate last-minute searches for required information.

The registration process can take up to four weeks to complete. Therefore, registration should be done in sufficient time to ensure it does not impact your ability to meet required submission deadlines.

If individual applicants are eligible to apply for this grant opportunity, refer to:

<http://www.grants.gov/web/grants/applicants/individual-registration.html>

The information organization applicants need to understand and execute the steps can be found at:

<http://www.grants.gov/web/grants/applicants/organization-registration.html>

1. *Obtain a DUNS Number:* All entities applying for funding, including renewal funding, must have a Data Universal Numbering System (DUNS) number from Dun and Bradstreet (D&B). Applicants must enter the DUNS number in the data entry field labeled "Organizational DUNS" on the SF-424 form.

For more detailed instructions for obtaining a DUNS number, refer to:

<http://www.grants.gov/web/grants/applicants/organization-registration/step-1-obtain-duns-number.html>

2. *Register with SAM:* In addition to having a DUNS number, organizations applying electronically through Grants.gov must register with the Federal System for Award Management (SAM). All organizations must register with SAM in order to apply online. Failure to register with SAM will prevent your organization from applying through Grants.gov.

For more detailed instructions for registering with SAM, refer to:

<http://www.grants.gov/web/grants/applicants/organization-registration/step-2-register-with-sam.html>

3. *Create a Grants.gov Username and Password:* The next step in the registration process is to create a username and password with Grants.gov. Applicants must know their organization's DUNS number to complete this process. Completing this process also submits a request for roles to the E-Business Point of Contact (EBiz POC) to review. The EBiz POC is a representative from your organization who is the contact listed for SAM. To apply for grants on behalf of your organization, you will need the Authorized Organizational Representative (AOR) role.

For more detailed instructions about creating a profile on Grants.gov, refer to:
<http://www.grants.gov/web/grants/applicants/organization-registration/step-3-username-password.html>

4. *Authorize User Role*: After creating a profile on Grants.gov, the EBiz POC receives an email notifying them of your registration and request for roles. The EBiz POC will then log in to Grants.gov and authorize the appropriate roles, which may include the AOR role, thereby giving you permission to complete and submit applications on behalf of the organization. You will be able to submit your application online any time after you have been approved as an AOR.

For more detailed instructions about creating a profile on Grants.gov, refer to:
<http://www.grants.gov/web/grants/applicants/organization-registration/step-4-aor-authorization.html>

5. *Track Role Status*: To track your role request, refer to:
<http://www.grants.gov/web/grants/applicants/organization-registration/step-5-track-aor-status.html>

b. *Electronic Signature*: Applications submitted through Grants.gov constitute a submission as electronically signed applications. The registration and account creation process, with the EBiz POC approval, establishes an AOR. When you submit the application through Grants.gov, the name of your AOR on file will be inserted into the signature line of the application. Applicants must register the individual who is able to make legally binding commitments for the applicant organization as the AOR; this step is often missed and it is crucial for valid submissions.

3. Instructions on how to submit an electronic application to PAS Kabul via Grants.gov

Grants.gov has a full set of instructions on how to apply for opportunities on its website at:
<http://www.grants.gov/web/grants/applicants/apply-for-grants.html>

Grants.gov allows applicants to download the application package, instructions, and forms that are incorporated in the instructions, which allows applicants to work offline. Grants.gov also allows applicants to collaboratively apply online by creating a workspace, if all the application forms are compatible with Grants.gov Workspace.

Grants.gov recommends submitting your application package 24 - 48 hours prior to the close date to provide you with time to correct any potential technical issues that disrupt the initial application submission.

a. *Adobe Reader*: This application allows applicants to read the electronic files in a PDF form format so that they will appear similar to other Standard forms. The PDF forms can be

downloaded and saved to your hard drive, network drive(s), or to a flash or external drive, then accessed through Adobe Reader.

NOTE: Grants.gov supports the latest version of Adobe Reader. Visit the Adobe Software Compatibility page to download the latest version of the software at:

<http://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html>

b. *Mandatory Fields in Forms:* In the PDF forms, you will note fields that will appear with a background color. These fields are mandatory fields and they must be completed to successfully submit your application.

c. *Complete SF-424 fields first:* The PDF forms are designed to fill in common required fields, such as the applicant name, address, and DUNS number, in other PDF forms. To trigger this feature, an applicant must complete the SF-424 information first. Once it is completed, the information will transfer to the other forms.

d. *Customer Support:* Grants.gov provides customer support via the toll-free number 1-800-518-4726 and email at support@grants.gov. For questions related to the specific grant opportunity, contact the number listed in the application package of the grant you are applying for.

If you are experiencing difficulties with your submission, it is best to call the Contact Center and get a case number. The case number will assist the PAS Kabul with tracking your issue and understanding background information on the issue.

4. Timely receipt requirements and proof of timely submission

a. *Electronic Submission.* All applications must be received by 11:59pm Eastern time on June 12, 2016. Proof of timely submission is automatically recorded by Grants.gov. An electronic time stamp is generated within the system when the application is successfully received by Grants.gov. The applicant will receive an acknowledgement of receipt and a tracking number from Grants.gov with the successful transmission of their application. Applicants should print this receipt and save it, along with facsimile receipts for information provided by facsimile, as proof of timely submission.

When PAS Kabul successfully retrieves the application from Grants.gov and acknowledges the download of submissions, Grants.gov will provide an electronic acknowledgment of receipt to the email address of the AOR. Proof of timely submission shall be the date and time that Grants.gov receives your application. Applications received by Grants.gov after the established due date for the program will be considered late and will not be considered for funding by PAS Kabul.

Applicants using dial-up connections should be aware that transmission should take some time before Grants.gov receives it. Grants.gov will provide either an error or a successfully received transmission message. The Grants.gov Contact Center reports that some applicants abort the transmission because they think that nothing is occurring during the transmission process. Please be patient and give the system time to process the application. Uploading and transmitting many files, particularly electronic forms with associated XML schemas, will take some time to be processed.

Intergovernmental Review

E. APPLICATION REVIEW INFORMATION

Selection Criteria

Eligible applications submitted under this opportunity will be evaluated and rated on the basis of the criteria detailed below. The criteria are designed to assess the quality of the proposed project plan/approach, and to determine the likelihood of its success. The criteria are closely related and are considered as a whole in judging the overall quality of an application. Applications will be reviewed on the basis of their fullness, coherence, clarity, and attention to detail. Proposals will be selected for funding based on an evaluation of how the proposal meets the solicitation review criteria, U.S. foreign policy objectives, and the priority needs of PAS. Past performance on grants awarded by the U.S. Department of State, other United States government entities, or international donor agencies may also be considered.

PAS reviews all proposals for eligibility. Eligible proposals will be subject to compliance of federal and Public Diplomacy regulations and guidelines and may also be reviewed by the Office of the Legal Adviser or by other Department elements. Final technical authority for assistance awards resides with the Department's Grants Division.

Selection criteria for this NOFO will include:

1. Quality of the program idea and program planning (30 points): The proposed project plan should be well developed, respond to the design outlined in the solicitation and demonstrate originality. The project should have clear goals and objectives and metrics for determining whether the project goals were met. It should be clearly and accurately written, substantive and with sufficient detail. The program plan should adhere to the program overview and guidelines described above, and should reference the applicant's capacity to meet all needs specified in the NOFO.

2. Ability to achieve program objectives (30 points): Objectives should be reasonable and feasible. Applications should clearly demonstrate how the institution will meet the program's objectives and plan. Proposed personnel, institutional resources and partner organizations should be adequate and appropriate to achieve the program goals.

3. Institution's record and capacity (20 points): The application should demonstrate an institutional record, including successful programming, responsible fiscal management involving complex budgets, and compliance with reporting requirements, especially for U.S. Government grants. The application should demonstrate experience in human resources and overseeing staffing.

4. Monitoring and Evaluation (10 points): Applications should demonstrate the capacity for engaging in impact assessments and providing objectives with measurable outputs and outcomes. The applicant should describe its plan for monitoring and reporting project outcomes.

5. Cost-effectiveness (10 points): The overhead and administrative components of the proposal, including salaries and supplies, should be consistent with prevailing market rates in Afghanistan. All other items should be necessary, appropriate, and directly relatable to the project's goals and objectives. Cost sharing is not required. Applicants should make an effort to present budgets that are consistent with the National Technical Assistance (NTA) salary scale. An applicant's evaluation score for cost effectiveness may be negatively impacted for a budget with salaries that are not consistent with the NTA scale. Please refer to the posted tables for guidance on the NTA.

Review and Selection Process

It may take up to 90 days from the application deadline before an award or decline notice is sent from the embassy. Due to the volume of proposals received, individual responses to requests for updates prior to the 90 day timeframe may not be returned until final review and approval of proposals is completed. The U.S. Embassy Public Affairs Section utilizes the following review and selection process:

1. After the NOFO closes applications are reviewed for eligibility. Those applications found to be ineligible will be removed from the selection process. Those applications found to be eligible will be forwarded to an embassy review committee.
2. An embassy review committee, made up of PAS and other embassy personnel, will score and comment on eligible proposals. The highest scoring proposal will be recommended for funding by the committee. If the funding opportunity allows for the selection of multiple awards, awards will be chosen based on rank score and the availability of funding.
3. The committee's recommendation is then forwarded to the Public Affairs Officer (PAO) for review and approval. At this stage potential requests for programmatic adjustments or conditions of an award may be suggested.
4. Upon approval of the Public Affairs Officer, the proposal is then assigned to a Grants Officer Representative (GOR). The GOR will make contact with the applicant to discuss and negotiate any potential changes to the proposal.
5. The GOR then submits the draft Notice of Award and grant proposal to a Washington, D.C. Grants Officer for approval. Additional clarification or negotiations may take place as part of the Grant Officer's review. The Grants Officer is the only Government Official who may write, award, and administer grants and cooperative agreements. No other individual throughout the selection process is allowed to commit funds or guarantee an award.
6. After approval from the Grants Officer, the GOR will provide a copy of the signed award and required documents to the applicant for counter-signature.

7. After a grant award(s) is made from this solicitation, those applicants whose proposals were not selected for funding will be notified.

Anticipated Time to Award: Applicants should expect to be notified if their proposal has been selected for award within 90 days after the submission deadline. PAS Kabul will provide information at the point of notification about any modification to the proposal or plan of work that will be required to finalize the award.
